DTM SUKARDI (TOP ROW IN THE MIDDLE) WITH PARTICIPANTS OF PATHWAYS SEMINAR

Universitas Indonesia Toastmasters Club (UI TMC) organized Pathways Seminar on Saturday, July 8 at UI Campus Depok with DTM Sukardi (Pathways Ambassador in District 87) as speaker. Almost 30 participants attended this seminar, not only members & executive committee (exco) from UI TMC but also members from other clubs such as Huntsman TMC. Pathways is Toastmasters' new education program which will start on July 26, 2017 in District 87. Every Toastmasters is encouraged to begin working in Pathways.

When a member starts in the Pathways program, he or she takes an online path assessment. The assessment helps identify the member's current skill levels as well as areas where they want to improve. The assessment then indicates which learning path best fits their needs. If they don't want to work in the recommended path, they are free to choose another path.

There are 10 paths provided and each of the paths includes a minimum of 14 learning projects, a mix of required and elective. Projects span a wide range, with many different topics to interest members and stretch their skills. Members advance through their paths in five levels of progressing complexity. The levels are defined this way: (1) Mastering Fundamentals; (2) Learning Your Style; (3) Increasing Knowledge; (4) Building Skills; (5) Demonstrating Expertise. The idea is to build on what you learned in the previous level. The goal throughout the Pathways program is to not just learn, but to apply what you learn. The Distinguished Toastmasters (DTM) will still represent the highest level of educational achievement in Toastmasters.

The educational materials that support the program will be available both in print and online; however, the online experience will be richer with the availability of video, tutorials, interactivity and online tracking. The online gateway to Pathways is called Base Camp where you will find everything you need on your journey. Here you can work on projects, track your progress, connect with members of your club and view badges and view badges as well as certificates you'll earn along the way.

If you're currently working toward an education award, you will be able to finish by the time Pathways launches since the current and new programs will run concurrently for a minimum of 24 months after all districts have been included in the program rollout. The cost for Pathways materials (excluded membership fee) consists of:

- New members pay a one-time \$20.00 fee that includes: first path & online copy of The Navigator (a how-to-start guide that replaces the new member kit).
- New members who wish to receive a printed copy of The Navigator will be responsible for shipping costs.
- Members who choose to purchase a printed copy of their path will be charged a \$25.00 fee (all materials are DOWNLOADABLE FROM BASE CAMP FREE OF CHARGE).
- The cost for each new path is \$20.00
- Current members will receive their first path at no cost

A wise man once said, "Leadership is the capacity to translate vision into reality". Under the aegis of Toastmasters International, Universitas Indonesia Toastmasters Club (UI TMC) provides plenty opportunities for its members to develop their leadership skills; one of which is by actively contributing to the club as part of Executive Committee (Exco). Just early in July, the former Exco (January 2017 – July 2017 term) was officially discharged and replaced by a completely fresh team consisting of seven passionate people. Together with all members, this new Execo (July 2017 – December 2017 term) will buckle down to rock UI TMC and embody its vision-mission for the following six months. Break a leg, guys!

TM Andika who was born in November 09, 1991 expects that UI TMC can help people develop leadership & public speaking in English, and to inspire other people and clubs with the creativity and achievements.

TM Sabrina who was born in March 23, 1993 expects that UI TMC can contribute to a high-developed club and to help passionate people grow as future leaders.

TM Rizka who was born in January 07, 1996 expects that UI TMC can help people to be fluent in speaking english and be confident.

TM Laudza who was born in September 18, 1997 expects that UI TMC can influence people through excellent leadership.

TM Farida who was born in January 01, 1984 expects that UI TMC will be the best place to improve English skill and public speaking as well. Joining UI TMC can also increase social skill.

TM Latifah who was born in March 24, 1997 knows UI TMC from her beloved professor and she joined UI TMC because she wants to learn to be like him.

TM Angga who was born in June 07, 1996 expects that through UI TMC, there will be improvement in English speaking skill.

UI Toastmasters Club has successfully conducted an installment for its new Exco. They will start to work effectively from July 2017 to December 2017. We thank you for the dedication and leadership of the previous Exco of UI TMC January-June 2017 (TM Arfita-President; TM Thesa-VPE; TM Sindy-VPM; TM Reva-VPPR; TM Redika- Secretary, TM Jihada-Treasurer; TM Tifani-SAA)

First meeting under the new excos has been held in July 5, 2017 and in a new venue. We are so excited that the new venue is VIP Room at Perpustakaan Pusat UI. With a larger room and a higher level of comfort, there is no way we wouldn't enjoy ourselves and feel the excitement raging out of our souls as we speak in front of the audience.
